What's new?

- * **New product: Foldable wheelchair
weigher 7802.10.001**

7802.10

Soehnle Professional's new foldable wheelchair weigher, non-approved is now available. The indicator can be detached from the chair if the folding function is used. Offering a weighing range of 120 kg and a division of 50 g, it can be used in nursing homes and caring institutions with non-approved weighing procedures. Demand further details from [us](#)!
Please also note our Special offer 2/2009 for this wheelchair!

- * **Strategy & training events 2009**

We have been surprised by the large feedback from our customers regarding our training. The first training session has been successfully completed in March and we head towards the second one. Unfortunately, there are no places left for the event in May. Nevertheless, we are planning at least a third training in autumn. If you are interested in attending, we would welcome your notification. The date will be provided within the next weeks.

Any changes?

- * **Service program and Ethernet interface
now available for Indicator 3010**

[3010](#)

Starting with software version 1.10, the indicator 3010 offers the service program and an Ethernet interface. The service program allows for calibration of 3010. The Ethernet interface can be configured in the setting mode of the indicator.

- * **New prices valid from 1st May 2009**

Please be informed that our new prices will be valid from 1st May 2009. Catalogues and price lists are available as a PDF-file from your contact in SALES SUPPORT. A hard copy will be send to you asap.

* **Transport Logistics Fair, Munich
12 to 15 May 2009**

Soehnle Professional will present its products and system solutions for the transport and logistics industry in hall A6, stand 228 in Munich, Germany from 12th to 15th May 2009.

If you are interested in visiting the trade fair, you may feel free to contact [us](#) for an entry voucher.

Curios?
