

LABEL PRINTER

PRODUCT NUMBER 2795.13.001

Printer

- › Thermal transfer printer
- › Paper width up to 112 mm
- › Fixed label size with backing film
- › With automatic label peel
- › Barcode capable
- › Graphic print possible

LABEL PRINTER

PRODUCT NUMBER 2795.13.001

Characteristics

General data

- › Fast, high-resolution print output
- › Completely variable label width
- › Easy-Load – simple paper handling
- › Automatic label peel as standard
(can be activated simply upon request)
- › Multiple interface versions
- › New cost-saving Ethernet-Option
- › High capacitive paper rolls with feeding from back
as a security characteristic
- › Star Line & Page Mode
- › Barcode support: Barcode & 2D-Code
- › Transmitted light or reflection sensor for recognition of first position

- › Paper end and label peel sensors
- › Windows TM-Driver on CD included in delivery scope

Typical application

- › Point of Sales (POS) in retail industry
- › Storage rack labelling
- › Inventory management
- › Product labelling
- › Dispatch department
- › Courier service / logistics
- › Warehousing
- › Post etc.
