

PRECISION SCALE BASIC

PRODUCT NUMBER 9430

Laboratory scales for medical and industrial applications

- > Weighing range: 600 g – 6,000 g
- > Division 0.01 g
- > Back-lighted LCD display
- > Automatic internal calibration,
with DMS load cell
- > Integrated battery

PRECISION SCALE BASIC

PRODUCT NUMBER 9430

Features

The series 9430 is the basic of Precision Scales and is perfect for fast definition of measure in laboratory- and industrial sector. It has a weighing pan of stainless steel, a back-lighted graphical display as well as an integrated battery, which makes it possible to use the scale at a place where no current feed is possible.

Functions

- › Piece counting
- › Percentage weighing
- › Totalising
- › Checking
- › Hold-Function
- › Underfloor weighing
- › Measuring in Newton

Technical data

- › Operating temperature: + 15° till + 30° C
- › Power supply: integrated battery with power supply pack (ca. 45 hours delay)
- › Automatic internal calibration
- › Stabilisation time: 3 seconds
- › Interface RS 232
- › Power supply included in delivery scope
- › Interface for an additional display possible

Optional

- › Platform for underfloor weighing
- › Thermal printer with clock module
- › Thermal printer with statistics function
- › Tape printer
- › Wind deflector
- › Anti-vibration desk made of steel
- › PC software for transmitting and saving measuring data

Ordering information

Order number	Weighing range	Division		Dimensions	Platform size
	g	g (d)	g (e)	mm	mm
