- › Weighing range: 600 - 2 000kg

PALLET TRUCK SCALE

PRODUCT NUMBER 9761

Characteristics

The Pallet Truck Scales are multi functional systems for the use in logistic companies, dispatch departments and production locations. The robust construction of the Truck Scale combined with professional terminals is the basis for simple and fast operating processes. Decide according to your applications for your individual program terminal.

Program Terminals

Basis Terminal 3010

- › Simple control function
- › Stainless steel housing

Program Terminal 3030

- › 10 different application programs
- › 32 keys, also for text entry via multiple key configuration
- › Stainless steel housing

Version

- › Operation by rechargeable batteries
(Changeable rechargeable batteries included in delivery scope)
- › Integrated power supply 100 – 240V, 50/60Hz
- › Power-saving mode
- › Steel housing to protect the terminals
- › Protection Class IP 40
- › Four DMS load cells, Protection Class IP 67
- › Overload protection

Options

- › Printer installation
- › Reference scale
- › Data transfer via radio

Technical data

- › Dimensions: 1 500 x 560 x 1 250mm
- › Fork length: 1 150mm
- › Underpinning: approx. 85mm
- › Weight: 135kg

Order information

Order number	Version	Weighing range	
		kg	Division
9761.10.001	with Basis Terminal 3010	600	100
9761.11.001	with Basis Terminal 3010	1 500	200
9761.12.001	with Basis Terminal 3010	2.000	500
9761.30.001	with Program Terminal 3030	600	100
9761.31.001	with Program Terminal 3030	1 500	200
9761.32.001	with Program Terminal 3030	2.000	500
